MINISTRY OF COMMERCE

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 4th July 1968

SUBJECT.—Import applications for raw materials components and spares from units engaged in priority industries during April 1968—March 1969.

No. 131-ITC(PN)/68.—Attention is invited to paragraphs 72 and 73 of the Import Trade Control Hand Book of Rules and Procedure, 1968, which contain the procedure for submission of applications for import of (i) spare parts, and (ii) raw materials and components, by units engaged in priority industries during April 1968—March 1969.

2. In the case of spare parts, the applicants have to furnish particulars of imported machinery or indigenous machinery having imported components, for the maintenance of which the spare parts are sought to be imported, in the pro forma given in Appendix 13 to the said Hand Book. In column 3 of the proforma, the applicants have to indicate the licence number and date under which the machinery was imported and the country of origin, or the date of purchase in the case of indigenous machinery. It has been represented that in the case of old machinery of imported origin, it is not sometimes possible for the applicants to indicate the licence number and date under which the machinery in question was imported. The matter has been considered; and it has been decided that in

cases where the applicants are not in a position to indicate the licence number and date in respect of imported machinery, they can indicate the year from which the machinery has been in use, and also the country of its origin.

3. In the case of applications for raw materials and components the applicants have to furnish a statement, in triplicate, in the proforma appearing in Appendix 14 to the said Hand Book, duly certified by a Chartered Accountant, indicating the end-product manufactured, the c.i.f. value of imported raw materials and components consumed by the unit, the production actually turned out, etc. It has been decided that the statement in question should be submitted by the applicants in quadruplicate (instead of sending the same in triplicate).

4. Sub-paragraphs 72(2) and 73(4) of the Import Trade Control Hand Book of Rules and Procedure, 1968 may be deemed to have been amended accordingly.

P. D. KASBEKAR,
Chief Controller of Imports and Exports.
